

Directions To River John's

From Maryville you can turn left on Wildwood Road at the intersection of East Broadway and Lincoln Road go about 3 1/2 miles until you get to Wildwood bridge. After crossing Wildwood bridge take the first right on to Cave Mill Road which is almost immediately after the bridge. River John's is the 7th house on the right. There is a small cabin and then John's house is on the right in a sharp bend in the road. The street address is 4134 Cave Mill Rd. The island is behind his house. I will put up our chapter sign on the fence at the interest to the drive leading to the back.
