

**June 2013 Lynn Camp Prong Volunteer Schedule
Revised**

1. Please remember all events are weather dependent, as we cannot shock in the rain!
2. Meet at parking area/trail-head at upper end of Tremont Road (Middle Prong of Little River) each day at 8:30am.
3. Please bring waders that go at least waist high, your own lunch, plenty of water and any other drinks you want. During shocking, you cannot be in the water without waders!
4. A day pack to carry your lunch and gear is advisable.
5. The work will involve assisting in an electro-shock survey to determine the brook trout population. The work will likely take all day.
6. Call Charlie Chmielewski as soon as possible (865-661-7325) if something comes up and you cannot come or are running late.

Date	Volunteer	Phone No.
Monday, June 17	Bill Bolinger	(m) 865-984-6129
	Marty Antoniono	(m) 704-807-2041
	Bradley Seat	(m) 865-635-1960
